

Land Management Questions

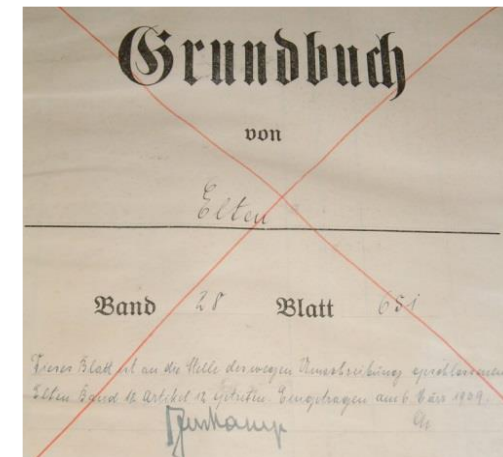

Questions on „Introduction to land management“ and „Ownership and other rights regarding land“

- What are the major challenges for urban planning currently and why is land an important factor for that?
- Art. 14 GG guarantees private property in Germany. However Art. 14 GG also states that content and limitations of property are determined by laws. What limitations of property are relevant especially for land property?
- The range of land policies can vary between a libertarian order on the one hand and a socialist order on the other hand. Explain these two terms and (try to) take a stand here.
